

Architectural Customizations

The sky is the limit in regards to design. Are you interested in a vestibule or a breezeway connector? Do you have an unusual footprint that requires fittings or drops? Would you like to incorporate a fireplace, a hot tub or a partition wall to create two different growing zones?

Customization: Greenhouse with foundation drops

Customization: Fitting around a chimney

We invite you to call on our leading team of experts to discuss your plans for a greenhouse today!

THE
GARDENER'S CHOICE
SINCE 1951

We will work with you to build the greenhouse of your dreams. We frequently work alongside architects, engineers and installation crew to ensure a seamless process from site survey to design, construction to warranty and beyond.

Upgrade: Entrance and Vestibule breezeway
